

E-ZEE WOOD FLOOR POLISH

DESCRIPTON: **E-ZEE WOOD FLOOR POLISH** has been specifically designed to make the protection of wood floors quick and simple. Ideal for use on all types of wood floors, including pre-finished flooring systems.

Please note: This product should not be used on melamine flooring. If in doubt, test before use.

E-ZEE WOOD FLOOR POLISH offers many advantages to the user:

- Formulated to offer a fast drying, durable protective coating for wood floors.
- Dries to a sheen to enhance the natural beauty of wood floors.
- Easy to use. Simply ensure the surface is clean and thoroughly dry prior to application.

APPLICATION: Before applying **E-ZEE WOOD FLOOR POLISH**, ensure the surface is clean and thoroughly dry. Some surfaces may need to be lightly abraded to form a 'key' for the polish to adhere.

Apply product evenly using a suitable applicator or mop. It is recommended that the first coat of polish is kept approximately 6 inches away from the edge of the floor to prevent build-ups. When initial coat is dry (approximately 45 minutes) apply second coat at a right angle to the first, ensuring all floor surface is covered. The polish film will harden for several hours after drying. For maximum results, the floor should be left as long as possible before use, preferably overnight.

MAINTENANCE: It is strongly recommended that furniture feet are fitted with 'Safeglide' protectors to protect floor surface. (Details available upon request).

Floors should be swept or vacuumed daily. As and when necessary, the floor can be spot or spray cleaned using a solution of **EZee Wood Floor Cleaner**.

E-Zee Polish may be re-applied as and when necessary, particularly in areas subjected to heavy traffic. Periodically, it will be necessary to remove any build-up of polish using a recommended **EZee Wood Floor Stripper**.

For further advice, please contact our office on 01773 541177.

COVERAGE: Approximately 45m² per 1 litre
PACK SIZE: 1 litre containers (6 x 1 litre per case)
STORAGE: Store in a cool, dry place. Protect from frost. Keep out of the reach of children.
