MATERIAL SAFETY DATA SHEET

Product name: SPOT & STAIN REMOVER

Reviewed date: September 2009

Reviewed by MC

1. Identification of substance

Substance **SPOT & STAIN REMOVER**

Supplier: Granwax Products Limited
West Street
Riddings, Alfreton
Derbyshire DE55 4EW

Telephone: 01773 541177 Fax: 01773 541429

This revision: September 2009

2. Composition/Data on components

Composition and classification of potentially hazardous components.

Component	Concentration range	Classification
Glycol ether PM CAS No. 107-98-2	Less than 6%	None

Occupational exposure limits:
Glycol ether PM Occupational Exposure Standard 375 mg/m³ 8 hour TWA Sk
Sk - Can be absorbed through skin
From HSE Doc. EH 40/2007 and manufacturers information.

3. Hazards identification

This preparation is not classified as hazardous. The following safety phrases apply.

S2- Keep out of reach of children

S24/25- Avoid contact with the skin and eyes.

4. First aid measures

General:

In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.

Inhalation:

Remove to fresh air, keep the patient warm and at rest. If breathing has stopped, administer artificial respiration. Give nothing by mouth. If unconscious, place in the recovery position and seek medical advice.

Eye contact:

Contact lenses should be removed. Irrigate copiously with clean, fresh water for at least 10 minutes, holding eyelids apart, and seek medical advice.

Skin contact:

Remove contaminated clothing. Wash skin thoroughly with soap and water or use a proprietary skin cleaner. DO NOT use solvents or thinners.

Ingestion:

If accidentally swallowed obtain immediate medical attention. Keep at rest. DO NOT induce vomiting

5. Fire fighting measures

No special measures are required for fighting a fire involving, or in the vicinity of this preparation.

6. Accidental release measures

Spillages should be contained with a non-combustible adsorbent material and collected for disposal in accordance with the local regulations.

Spillages should not be allowed to run to surface waters.

7. Handling & storage

No special storage requirements are required for this preparation. All chemical preparations should be stored securely where they cannot be interfered with or used by unauthorised persons.

8. Exposure controls & personal protection

As with any solvent based product, prolonged exposure of the skin may cause irritation and dermatitis. Rubber or latex gloves

should be used to protect the hands during use and suitable work-wear or overalls should be used to protect clothing and skin.

As with all solvent based products, approved eye protection should be used when handling this material.

Use only in well ventilated areas, if the OES is likely to be exceeded an approved respirator should be used.

9. Physical and chemical properties

Appearance: Clear liquid

pH: Not applicable

Melting point / range Not applicable

Flammability Flammable

Explosive properties None

Vapour pressure Not known

Solubility Fully soluble

Odour: slightly alcoholic

Boiling point / range No data

Flash point Greater than 80 deg. C

Autoflammability Not applicable

Oxidising properties None

Relative density Approx. SG 1.05

Partition coefficient: n-octanol / water not determined

10. Stability and reactivity

This preparation is stable and generally unreactive.

11. Toxicological information

The product is of low general toxicity.

This preparation may cause irritation to the eyes and mucous membranes. As with all solvent containing preparations it may be

irritant to the skin. Any person with a history of skin sensitisation should take extra care when handling this preparation. Reducing

the periods of skin exposure to any substance or preparation will reduce the risk of sensitisation or other irritation occurring.

12: Ecological Information

The exact ecological effects of this product are unknown but the solvent present is likely to be a marine pollutant.

13. Disposal considerations

All waste produced by industry or commerce is subject to the Duty Of Care Of Waste Regulations. Empty containers should be washed with water before disposal.

14. Transport information

There are no special requirements for the transport of this preparation.

15. Regulatory information

The following safety phrases apply.
Contains Glycol ether PM EC No. 203-539-1
S2- Keep out of reach of children
S24/25- Avoid contact with the skin and eyes

This substance is classified as a substance hazardous to health within the definition given in Regulation 2 of the COSHH Regulations. An assessment of the risks to health caused by the use of this substance and the other requirements of the COSHH regulations must therefore be made by any employer or self employed person using this preparation at work

16. Other information

No other information is required for the use of this product
