

POWERCLENS

Hard Surface Cleaner/Degreaser

DESCRIPTION: POWERCLENS is an alkaline multi-purpose hard surface cleaner/degreaser containing water soluble solvent. It is effective in hard or soft water and in hot or cold solution. POWERCLENS is fully bio-degradable.

POWERCLENS is a multi-purpose cleaner that can be used to cost effectively clean and degrease a wide variety of surfaces, e.g. floors, walls, hard top surfaces, melamine and aluminium. It may also be used for vehicle steam cleaning, cleaning ventilation fans, plastic and vinyl upholstery, floor and wall ceramics and general cleaning.

INSTRUCTIONS: POWERCLENS may be diluted with up to 50 parts water when used as a regular maintainer in conjunction with a scrubber/drier according to the amount of grease or dirt contamination and type of surface to be cleaned.

**RECOMMENDED
DILUTIONS:**

Soiled concrete floors, floor wax removal, greasy articles, engines, etc
- 1 PART TO 4 PARTS WATER

Machinery, walls, hard top surfaces, melamine and aluminium, ventilation fans, plastic and vinyl upholstery, venetian blinds, ceramics and general cleaning - 1 PART TO 8 PARTS WATER

Floors (light cleaning), glass surfaces, windows, display signs, car, coach and lorry exteriors - 1 PART TO 40 PARTS WATER (depending on degree of soiling).

Do not apply concentrated solution to fabrics or painted surfaces without testing.

PRECAUTIONS: Protect from frost. Keep out of the reach of children.

HEALTH & SAFETY: Please refer to the product Health & Safety Data Sheet for full information.
