

SWIFT

Hard Surface Cleaner/Degreaser

DESCRIPTION: **SWIFT** is an alkaline multi-purpose hard surface cleaner/degreaser containing water soluble solvent. It is effective in hard or soft water, in hot or cold solution. It is fully bio-degradable. A rust inhibitor is incorporated in the formula.

A low foam version is available for use in Automatic Scrubber/Driers. Please see our data sheet **LOW FOAM SWIFT**.

Swift is a multi-purpose cleaner that can be used to clean and degrease a wide variety of surfaces, e.g. floors, walls, hard top surfaces, melamine's and aluminium. Swift may be used for vehicle steam cleaning, cleaning ventilation fans, plastic and vinyl upholstery, floor and wall ceramics and general cleaning.

Swift should be used to clean Granwood and wood floors prior to refinishing. It should be applied according to our recommended procedure data sheets. Details available upon request.

APPLICATION: **Swift** may be diluted with up to 50 parts cold water according to the amount of dirt or grease contamination and type of surface to be cleaned. Swift should be applied by sprayer, mop or cloth and allowed to penetrate and emulsify before removing and wiping clean.

RECOMMENDED DILUTIONS:

Display signs, light reflectors, motor vehicles, ceramic and glass surfaces, etc.

1 part Swift to 50 parts water.

Light floor cleaning, marble, terrazzo, melamine, aluminium, venetian blinds, walls, painted woodwork, vinyl and plastic upholstery.

**1 part Swift to 30 parts water.
Rinse with clear water and allow to dry.**

Average floor soilage

**1 part Swift to 20 parts water.
Rinse with clear water and allow to dry.**

Ventilation fans, machinery, garage equipment. Removal of water based floor polishes (non-metallised).

1 part Swift to 9 parts water.

Excessively greasy equipment in factories, garages, kitchens, etc. and heavily soiled floors.

**1 part Swift to 4 parts water.
Apply, allow to penetrate and emulsify grease, machine scrub and remove resultant slurry. Rinse with clean water and allow to dry.**

PACK SIZE: 5 litre containers. Case: 4 x 5 litres

STORAGE: Store in a cool, dry place. Protect from frost.

HEALTH & SAFETY: For full health and safety information on this product, please refer to our Material Health & Safety Data Sheet.

No liability is accepted for any loss or damage arising directly from the use of the Company's products or from the use of the information given in its publications. Prospective users should therefore satisfy themselves by appropriate trials that the product to be used is suitable for the intended purpose.
